POWERCHAIRS

PRACTICAL. ELECTRIC. UNLIMITED MOBILITY.

SIMPLY. INDEPENDENT. MOBILE.

Limited mobility does not mean a limited lifestyle. Our power wheelchairs make sure of that. Drive DeVilbiss Healthcare lightweight folding power wheelchairs are ideal for supporting people with limited mobility and those who struggle to walk long distances.

SIMPLY. INDEPENDENT. MOBILE.

For those who like to keep on the move!

For everyday life or even when travelling, an electric power wheelchair is the perfect companion. Once folded, these power wheelchairs are on board in no time at all, whether you are travelling by car, train, ship or even on an aeroplane*, the Instafold and Airfold power wheelchairs give you total independence and the freedom to explore the world for what it has to offer.

* Optional 10Ah 240Wh travel battery available.

Always clarify the conditions of carriage with the airline before travelling.
